

Mr. Learned,

There are three(3) sheets of drawings in this application. Most of the changes that I made in the examiner's amendment (which accompanied the notice of allowance mailed 24 September 1999) should be obvious. These include the deletion of some reference numerals and the additional of arrows or lead lines for some reference numerals. The other changes include (1) the deletion of the label "FIG. 1" on the first sheet (Fig. 1A and Fig. 1B is sufficient); (2) the provision of dotted lines to figures 2,2A,3 and 3A and (3) the labeling, on the third sheet, of the figure to the left of figure 3 as "fig. 3A". Good Luck.
